

STORTH & DISTRICT GARDENING ASSOCIATION

The Storth & District Gardening Association was formed in 1945 staging the August Village Show as a highlight every year since. The Show has displayed villagers' vegetables, flowers, crafts and baking and remains a vital social gathering each year.

Our Chairman, Christine Sellen, will be retiring in 2017. The Committee members consider the role of great importance, coordinating the efforts of the Committee and our many volunteers. It is vital that a replacement is found to ensure a smooth handover and, unless this position is filled it is very unlikely the Garden Association will be able to continue beyond the next Annual Show.

We are also looking for new, and perhaps 'younger' Committee members with enthusiasm and ideas to help take the Association forward. The Committee meet five times a year to arrange speakers and outings and to organise the Show which takes place the third weekend in August.

Please give this careful consideration and contact Christine on 01524 761280 or chrissellen@btinternet.com if you are interested.

It would be very sad to lose this special part of village life.

S.D.G.A. Committee
